

Emissary Computer Solutions has created a dynamic advertising web portal of business portfolios, time sensitive advertising campaigns and product announcements.

Using a "Showcase" motif, subscribers to Showcase Central are placed in one or more similar categories and sorted by industry within those categories. Each showcase is updated by the subscriber and rankings for showcases are awarded based upon how often the showcase is updated and how popular the showcase proves to be with viewers.

Showcases are ranked based upon how often the showcase is updated and its popularity

Subscriber Showcases:

The 15,000 yen monthly fees cover showcase portal fees, moderating fees, technical support and the marketing benefits of dynamic advertising.

All showcases are searchable and divided into categories and industries within that category.

Showcase Fees		
# Months	Regular Showcase	Viewer Discretion
6	90,000 yen	300,000 yen
12	180,000 yen	600,000 yen

Note: Viewer Discretion Showcases are those that contain content that may not be appropriate to all viewers.

Becoming a Portal Agency:

Portal Agencies are website owners that have a Showcase portal somewhere on their site.

When a person signs up for a showcase from that website the portal agency is paid an introduction fee and a monthly portal fee for that showcase. Additional fees are paid to those portal agencies who moderate the showcases they are responsible for.
